Career Opportunity

Garaventa Lift is a world-class manufacturer of wheelchair lifts, LU/LA elevators and home elevators located in Surrey, BC. Currently, we are seeking an:

Electrical Engineer

Position Summary

The Electrical Engineer (EE) is responsible for the maintenance of current products and the development of new products from an electrical perspective. The EE will report directly to the Vice President of Engineering and will work closely with product management, manufacturing, purchasing and technical support teams in addition to being an integral part of the Research and Development team.

Qualifications & Responsibilities

- Minimum of 2 years professional engineering experience
- Interpersonal skills: able to communicate comfortably in person, phone and writing with various personality types
- Proficient in Auto-cad, Microsoft Office (Word, Excel, PowerPoint)
- Able to work with ladder logic and possess basic programming skills
- Thrive in a result-oriented environment
- Problem solver
- Works well as part of a collaborative team.
- Experience in the elevator business would be an asset.

Interested candidates should respond by emailing a resume and cover letter to Brandon.Zolnierczyk@garaventlift.com
