Registration

Each students name, mobile phone, email and authorized dealer affiliation can be sent via email to don.angula@garaventalift.com. Please include dietary restrictions. Registration will be confirmed via email. The seminar is open to staff of Garaventa Lift authorized dealers and branches.

Locations

The seminars are being conducted by Garaventa Lift at the MCI headquarters:

Garaventa (Canada) Ltd.
18920 36th Ave · Surrey · BC · V3Z 0P6 · Canada
T 604 594 0422 · **E** info@garaventalift.com · **I** www.garaventalift.com

MCI Elevator and lifts

2836 N Greenfield Rd Suite 121

Mesa, AZ 85215

Accommodation
There are multiple hotels in the area.

Transportation
Phoenix international Airport services most major airlines and has onsite rental car services.

Transfers from airports, bus and train stations are to be directly arranged by you. The seminar runs 4 days in a row.

Code of Conduct
This should go without saying, but all participants are expected to behave in a courteous and respectful manner at all times. Participants must not be under the influence of drugs or alcohol during any of the classroom and factory sessions (between 08.00 and 17.00 each day).

Personal Safety Equipment (PPE)

Students are required to wear closed toe footwear for all class activities—sandals, open toe shoes, flip flops are not acceptable. During labs and mechanical activity, safety footwear with crush & toe protection is required. Footwear bearing the Canadian CSA green triangle or US ASTM F2413 markings are acceptable.

Alternative Testing

All written exams may be privately taken in alternative forms to accommodate special needs of students. Please contact the instructor in advance to make arrangements for alternative testing

Course Materials
Students are urged to bring a laptop or large tablet device sufficient to display PDF manuals and documents. The device will be provided a WiFi network connection to the internet.

Course materials are available for download from my.garaventalift.com Each student should have their own Garaventa Lift Tech ID and be registered as my.garaventalift.com user by their administrator prior to attending the course. Registration requests for my.garaventalift.com access can be made through your Regional Manager or customerrelations@garaventalift.com.

Schematics and wiring diagrams will be made available as PDF files in the training materials. In addition, each student will be provided with printed copies that they can mark up with notes and take with them.

Supplies
An assortment of pens, pencils, highlighters and notepads will be made available to students.

Language of Instruction
The course materials will delivered in English. Instruction is in English.

Connectivity

The classroom and break area have a WIFI connection that will give you broadband internet access. There is an expectation that email and social media will be checked on breaks and not during active instruction periods.

Tools & Instruments

We will provide students with the necessary tools and instruments needed to complete simulations and troubleshooting exercises.
